This is not an accredited course however, it provides pupils with a wider knowledge of the world and prepares them for adulthood.

SCIENCE

Pathway: B

Qualification: AQA Pre-Entry Level Unit Award Scheme

Course outline:

The AQA Unit Award Scheme is a scheme by which to record achievement . It offers everyone the opportunity to have their achievements formally recognised - no matter what this is, how old they are, how long it takes or how small the learning step might be. Pupils will study a variety of units including; separation techniques and materials which allow them to investigate using practical work and environmental units which give pupils an opportunity to study the living world around them . This variety of units allows pupils to take part in a range of science experiments and develop skills through multi-sensory activities.

Assessment:

Evidence folders will be compiled throughout the units using photographs, witness statements and pupils work.
