

Year 7 Catch Up Premium Report

The Department for Education has made available additional funds for improving the attainment of our disadvantaged pupils, known as the Year 7 Catch-Up Premium. The funds are primarily aimed at improving Maths and English levels at Key Stage 2. An allocation is made for every pupil that has not achieved a Level 4 in reading and/or writing at Key Stage 2 as per the October school census.

This report summarises how the 2017-18 funding was spent and how we intend to spend this year's funding. Most importantly, it provides information on the outcomes of the spending and the improvements made amongst our pupils.

Summary of spending for 2017-2018

To support the attainment of these pupils and aid their progression into the secondary curriculum, at Elms Bank we foster an ethos whereby students learning is supported with small class sizes, and the support of a class teacher, teaching assistant and pastoral team. In addition we have access to structured intervention sessions that work on areas of development, these include reading and numeracy. At Elms Bank we believe that ensuring effective higher staff ratios, bespoke curriculum plans, tailor made intervention plans and a structured pastoral care team we are able to support the development of the whole child at Elms Bank
